The DBI 3MP X Series Mono LCD

DBIMX30

The DBIMX30 is a 3 mega-pixel Monochrome LCD offering retractable front sensors for True DICOM gray level and luminance auto-calibration. The unobtrusive sensor emerges from the bezel to calibrate and retracts when calibration is complete.

X-CAL® Client and Remote Administration DICOM Auto-Calibration Software are included with each system at no charge. X-CAL® Client, the local workstation software will allow even individual workstations to be configured for auto-calibration without a network software piece. X-CAL® Remote Administration Server Software and the X-Series will allow an administrator to monitor all the displays within the enterprise, launch calibration and receive alerts if LCDs fall out of calibration or if calibration was unable to be completed.

An optional durable, bonded protective panel includes an anti-reflective coating. The added durability reduces maintenance costs and extends the useful life of the LCD.

- ◆ 21.3" 3MP (1536 x 2048, 2048 x 1536) Mono TFT LCD
- ◆ Brightness - 1450 cd/m²; Contrast Ratio - 900:1
- ◆ Display Port Compatibility as well as DVI-D Input
- ◆ Complete Screen Luminance Uniformity Control
- ◆ Built in Retractable Front Sensors with Backlight Sensor
- ◆ 14 Bit Processing for Precise Image Rendering
- ◆ Digital Ambient Light Compensation
- ◆ Private Light for Illumination in the Reading Room
- ◆ Full 5 Year Warranty

DBIMX30

Description	3 Mega-Pixel Monochrome LCD with retractable front sensors, backlight sensor and optional bonded protective panel
Recommended Modalities	CR, CT, DR, MR, Ultrasound, NucMed, PET, 3D, PACS
Diagonal Screen Size	21.3"
# of Pixels	3.1 Mega-Pixel
Resolution	1536 x 2048 Portrait; 2048 x 1536 Landscape
Brightness	1450 cd/m ²
Contrast Ratio	900:1
Viewing Angle	170° Horizontal & Vertical
Palette	16.7 Million Colors
Video Inputs	DVI-D, DisplayPort
Dimensions HxWxD (Inches)	21.1 x 14.9 x 9.8"
Weight with Stand/Base (lbs)	25.5 lbs
Power Supply	Internal
Power Consumption	105W/Less than 1W During power save
Compliance/Safety Standards	UL60601-1, cUL2601-1, CE, IEC/EN60601-1, FCC Class B, VCCI Class B, KCC, ICES-003-B, C-Tick, CSA std, C22.2 No.601.1, CCC, FDA 510(k)
Service & Support	24/7
Warranty	5 years on the LCD, Electronics, Backlight and X-CAL; 3 years on the graphic controller
Other Features	Retractable Front Sensor for True Auto-Calibration, Client/Remote Administration Calibration Software included, Optional Bonded Protective Panel, Rear Sensor for Back light brightness control, Digital Ambient Light Compensation, Complete Screen Luminance Uniformity Control, Built in LED PrivateLite, 14 Bit Processing for Precise Image Rendering, VESA Standard Mounting configuration, Other Mounting options available
